ing to the Virginia State Water Control Board information about groundwater and wells for every well made in the State other non-exempt well. This information must be submitted whether the well is completed, on standby, or abandoned. Includes: an accurately and completely prepared water well completion report, full data from any aquifer pumping tests, drill log intervals (unless exemption is secured), the results of any chemical analyses, and copies of any geophysical logs. Quarterly reports are required from owners of public supply and industrial wells. County or State permits to drill may be required in some parts of counties require submission of a water well completion report. The Virginia State Health Department requires a water well completion report for public supply wells.
